

ROAD RALLY

REGISTRATION

For those who are unfamiliar with the Road Rally, each registered team will set off from a starting point with a list of clues and riddles based on street names, landmarks, and other visuals along the road. By following the clues, (and the rules of the road), teams will check in at checkpoints along the way to track mileage and time. If done properly, all teams will end at the same endpoint destination before enjoying dinner at a different location. Trophies and other honors will be awarded!
